

Required *Lead Safe Renovator Training*

When: Thursday, February 4, 2010

Where: Builders Crossing

4319 Jeffers Rd.

Eau Claire, WI 54703

Cost: \$225 for members of the Wisconsin Builders Association®

\$275 for non-members

Space is limited to 16 participants

**Avoid fines and
work delays**

As of April 22, 2010, the Wisconsin Department of Health Services along with the EPA is requiring those involved in renovations in homes built before 1978, disturbing more than 6 square feet of interior space or more than 20 square feet of exterior space to have Wisconsin Lead-Safe Renovator certification. This could include remodeling, repair, rehab, weatherization, painting, electrical, plumbing, HVAC, window refinishing, carpentry etc.

This 8 hour course meets the required training to apply for certification through the Wisconsin Department of Health Services. In addition those holding a Dwelling Contractor Qualifier will also earn 8 hours of continuing education credits.

In class you will learn about:

- Regulations
- Proper lead safe practices during setup
- Proper lead safe practices while the work is being completed
- Proper lead safe practices during clean-up
- Recordkeeping
- Training non-certified renovation workers

**6 Square Feet
is all it takes!**
